Secrecy Still Reigns.

Another Mysterious Arrest in the Cronin Case.

PUT HIS IDENTITY UNKNOWN.

It is Believed to Be the Party That Drove Cronin From the Conklins to the Carlson Cottage—Burke Remanded Again at Winnipeg—More Evidence Wanted.

CHICAGO, July 6.—Last Thursday night several detectives from the Central station took a prisoner to the Harrison street station and locked him up in a witness cell. The greatest secrecy was observed by the officers, and from their actions it was evident that they had made an important arrest. They refused to say who their prisoner was, or why he was arrested, but it is known that the arrest was made in connection with the Cronin case.

It was also said that the prisoner was none other than the man who drove Cronin from the Conklins' to the Carlson cottage. Efforts to see the prisoner were futile.

Comments of the Herald.

The Herald prints the following: L Burlingham, the North Side druggist, who sailed for England Wednesday afternoon to escape the wrath of the Chicago Clan-na-Gael, is liable to turn up shortly as a witness for The Times in the Parnell inquiry. That Burlingham is in possession of a good many valuable facts concerning Irish revolutionary affairs in America is not doubted. He obtained his information through various peculiar sources, and had imparted it to the British government from time to time by either reporting in person or by means of the cable.

He was suspected by Irishmen because he made frequent trips to London and the continent in search of drugs. He said he could buy cheaper on the other side than he could in America. Inquiry proved that he was not telling the truth and then he was pointed out as a man worth watching. After Dr. Cronin's body was found Burlingham began to get uneasy and he practically sacrificed his property to be in a position to get out of the country on the shortest notice. He had had trouble with the doctor once, and the latter's friends did not regard him with a friendly eye.

Burke Again Remanded.

WINNIPEG, Man., July 6.—In the Burke case yesterday the whole time was taken up in the examination of the Assistant States Attorney Baker, of Chicago. His evidence was principally that of a legal expert. He also identified Burke as the original of the man in the photograph taken at the unveiling of the Irish Nationalist monument.

Burke was again remanded in the afternoon. The prosecution think they have not strong enough evidence on which to rest their case, and are awaiting the arrival of Mrs. Carlson to complete the story of the crime and Burke's connection therewith. The prosecution practically admit the weakness of this case, and will not take any chances while additional evidence can be produced.

INDIGNANT JOHNSONIAN.

JACKSON, Miss., July 6.—Governor Lowrey has sent the following telegram to all sheriffs on the southern border of the state where it is possible for the Sullivan-Kilrain fight to occur:

"Do not allow the prize fight to take place in your county, take steps to be at the state line, if necessary on both the northeastern, and Louisville and Nashville roads. Send a reliable man to New Orleans to telegraph you on what road and what moment the excursion starts. If your force is distant from telegraph office, have relays to give you the information. If you wish, will have armed troops at easy distance from you to aid you in preserving the peace and arresting the parties. If the fight takes place on Mississippi soil I will pay \$1,000 for the arrest and delivery of Sullivan and Kilrain to the sheriff of the county of its occurrence. The payment of this reward applies to officers as well as to private citizens."

Governor Lowrey declares his determination not to allow the fight to come off in Mississippi no matter what the expense or effort.

PRACTICING FOR THE FIGHT.
Sullivan Preparing to Meet Kilrain Next Monday.

NEW ORLEANS, July 6.—Sullivan now weighs 202 pounds, and severe training has been abandoned, though he will take more exercise than an ordinary man could endure. Yesterday morning he rose at 7 o'clock. At 10 o'clock he went across the street with Muldoon and Cleary to the rooms of the Gymnastic club, and spent hours there in exercise that caused the perspiration to drop from him like rain. No one was admitted to see him work except half a dozen of the friends who accompanied him here and a newspaper representative.

A foot ball filled with flour or meal, weighing about twenty-five pounds, was tossed from Sullivan to Muldoon and back again, a distance of twenty-five feet, Sullivan receiving the heavy ball for forty minutes without signs of weakness. Neither Muldoon nor Cleary could stand the exercise long, so they alternated in receiving the ball and tossing it back to Sullivan every ten minutes. Sullivan finished perfectly fresh after his stand against both of them. Those who saw Sullivan hurl that ball with a velocity that made Muldoon stagger as he received it were reminded of the John L. Sullivan of old. After two minutes' rest Sullivan began skipping the rope. He skipped a thousand times without stopping.

Sullivan is in the pink of condition, better than ever before in his life. He measures forty-two inches around the chest and is as deep through from breast to back as he is from side to side. There does not appear to be an ounce of superfluous flesh on him. His friends are jubilant over his condition and predict an easy victory. Joe Coburn says there is no doubt whatever that Sullivan will win, that he has seen him in all of his fights but never in as perfect condition as now. The opinion is quite general here among the New York Sullivan party that if Kilrain will stand up and fight the battle will not last over five rounds. The betting is ten to seven on Sullivan.

Kilrain is expected to-day. The arrival of Sullivan and the enthusiasm of his friends here does not dampen the ardor of Kilrain's friends, whose numbers seem to increase. While the central portions of the city side with Sullivan the upper sections are largely in favor of Kilrain: At the Southern Athletic Club most of members seem confident that Kilrain will win. Other members of the Club, in support of their opinion, said that men like Billy Madden, Arthur Chambers and Dominick McCaffery, all of whom know both men well would not be found on the side of Kilrain if they didn't know what they were doing. According to reports Sullivan has not near the wind that Kilrain has, and he is entirely too heavy about the hips. Professor Dennis Butler is confident that Kilrain will win.

The Kilrain party will be met by a party of friends and escort'd to their headquarters at the Southern club. The rooms which have been set apart for Kilrain are in a building adjoining the club, so that he and his seconds will be able to enjoy greater seclusion than do Sullivan and his trainers, as they will not have to go into the street to go to and from the gymnasium. Kilrain will remain in his quarters till he leaves for the battleground on Monday.

NO FIGHTING IN MISSISSIPPI.

JACKSON, Miss., July 6.—Governor Lowrey has sent the following telegram to all sheriffs on the southern border of the state where it is possible for the Sullivan-Kilrain fight to occur:

"Do not allow the prize fight to take place in your county, take steps to be at the state line, if necessary on both the northeastern, and Louisville and Nashville roads. Send a reliable man to New Orleans to telegraph you on what road and what moment the excursion starts. If your force is distant from telegraph office, have relays to give you the information. If you wish, will have armed troops at easy distance from you to aid you in preserving the peace and arresting the parties. If the fight takes place on Mississippi soil I will pay \$1,000 for the arrest and delivery of Sullivan and Kilrain to the sheriff of the county of its occurrence. The payment of this reward applies to officers as well as to private citizens."

Governor Lowrey declares his determination not to allow the fight to come off in Mississippi no matter what the expense or effort.

DYNAMITING A NEWSPAPER OFFICE.

BRADFORD, Pa., July 6.—Last night the office of The Evening Star, in the Producers' Exchange, was visited by the dynamiters and a dynamite cartridge with a fuse and cap attached, placed on the floor inside of the door. The person or persons who left it there may have effected an entrance by picking a lock, but it is probable that the explosion was thrown over the door through the open transom. The bomb was discovered by City Editor Wagner at 12 o'clock. He immediately notified Chief of Police McCrea, who at once repaired to The Star office and took charge of the dynamite. The explosive was examined by experts, who pronounced it of sufficient strength to produce a most disastrous effect.

KILLED ON THE RAILROAD.

CINCINNATI, July 6.—William H. James, a boarder at 1745 Lower River road, was walking along the Ohio and Mississippi track about 7:30 a. m. when he was struck by a passenger train at Mt. Echo crossing and instantly killed. His badly mangled body was removed to the morgue. James was 33 years old and a widower. His mother Mrs. Susan Steele, lives at Rising Sun, Ind.

ATE POISONED ICE CREAM.

OLYMPIA, Pa., July 6.—Eighteen persons were seriously poisoned by eating ice cream at a grove near this city on July 4. All the victims live here. It is thought all will recover.

Expedition to Africa.

Arrangements Being Made By Secretary Tracy.

FOR SCIENTIFIC PURPOSES.

Observations to Be Made of the Eclipse of Sun next December—Treasury Statement for the Past Month—Other Dispatches from the National Capital.

WASHINGTON, July 6.—The committee appointed by the secretary of the navy to arrange for the scientific expedition to Africa next fall to observe the eclipse of the sun, December 21 next, held a meeting at the navy department recently. The conference consisted of Commodore John G. Walker, chief of the bureau of navigation; Capt. R. L. Phythian, superintendent of the naval observatory; Professor Hall, of the naval observatory, and Professor Simon Newcomb, superintendent of the astronomical office.

It was decided to divide the expedition into two parties, one under Professor Todd, of Amherst college, and the other under Professor Joseph Russell, of this city, both to leave this country about October 1 in a man-of-war. Both will go first to St. Paul de Loando, on the west coast of Africa, and will then separate, going into two different camps.

The idea at the navy department is that the United States steamship Baltimore will be selected for the trip. She will be tried within a month, and will undoubtedly be ready for sea by October. In case of an accidental delay the Richmond will probably be selected. The Baltimore will not have her guns on board for at least a year, but that fact need not bar her from the scientific expedition.

NEW ROUTE FOR FOREIGN MAIL.

WASHINGTON, July 6.—The Gautemala office has advised the postoffice department that by reason of the difficulty of transporting mails of large bulk through the interior of Gautemala it has become necessary to request that for the future the mails dispatched by steamers sailing from New Orleans to Livingston shall be composed solely of letters and registered articles; and that all packages of printed matter and samples shall be included in mails dispatched by steamers sailing from New York for Aspinwall. Orders to this effect have been issued by the postmaster general.

ON A TWO WEEKS' VISIT.

WASHINGTON, July 6.—Secretary Winwood and Assistant Secretary Tichenor had a conference yesterday on important questions pending before the treasury department, the result of which is that Col. Tichenor left Washington in the afternoon for a visit to New York, Boston and Portland. He will spend a few days in each of the cities named for consultation with the customs officers, and may possibly extend his visit to other cities. He will probably be gone about two weeks.

TREASURY STATEMENT.

WASHINGTON, July 6.—The treasury department monthly statement of changes in the circulation shows a net decrease of \$17,324,701 during the past month of June. There was a decrease of \$12,251,903 in gold certificates; \$3,599,298 in National bank notes; \$1,810,698 in United States notes; \$967,376 in gold coin; and \$336,350 in standard silver dollars, and an increase of \$1,564,635 in silver certificates.

NOT BELIEVED IN WASHINGTON.

WASHINGTON, July 6.—State department officials say that no official advice whatever have been received at the department respecting the reported rupture between Costa Rica and Nicaragua likely to grow out of concessions to the Nicaragua Canal company. The report is generally discredited by state department people.

RETURNED TO WASHINGTON.

WASHINGTON, July 6.—Secretary Noble has returned to Washington from Woodstock, and Postmaster General Wanamaker from Philadelphia. Both were at their desks in the department to-day. Assistant Secretary of the Treasury Batcheller has also returned to Washington from his home in New York.

WALKING FOR A BRIDE.

PORTSMOUTH, O., July 6.—A curious walking match took place Thursday morning between H. Brochmeyer, a notion merchant, formerly of Cincinnati, and Charley Blair, a court house clerk. It was to decide which should win a fair young lady, to whom both gentlemen have been paying their attention. They walked five miles, Brochmeyer winning by fifty feet.

PROBABLY BY A HIGHLIGHTER.

BUFFALO, N. Y., July 6.—Lung Sing, a Chinaman, who came here from Baltimore about two weeks ago, was found murdered in his laundry, corner of Oak and Swan streets. He had been shot through the head. The case is a mysterious one and the murderer has not yet been found.

DRUNK WHEN THE DEED WAS DONE.

BIDDLEFORD, Me., July 6.—News of a murder in Waterboro Centre reached here yesterday afternoon. Edward Whitten is the victim, and the alleged murderer is Brice Smith, aged 60. Smith is under arrest. He was drunk when the deed was committed.

A WHOLE KEG OF POWDER.

OMAHA, Neb., July 6.—Just as the celebrants at Keweenaw, Neb., finished firing the National salute Thursday a keg of powder exploded in Emil Schultz's blacksmith shop, instantly killing Schultz and wrecking the building.

A CHINAMAN MURDERED.

BUFFALO, N. Y., July 6.—Wung Jung,

UNDER THE CARS.

A Gentleman, His Mother-in-Law, Child and Nurse Ground to Pieces.

LONG BRANCH, N. J., July 6.—At Little Silver Crossing, three miles north of Long Branch, yesterday afternoon, a carriage containing the mother of Joseph Ward, collar and shirt manufacturer, of New York, Mr. Keating, Mr. Ward's brother-in-law, a New York hat manufacturer; Elsie Keating, a child, and her nurse, was struck by the 5:30 express train from New York, on the Central railroad of New Jersey, and was smashed to pieces.

Mrs. Ward, Mrs. Keating and the nurse-girl were dreadfully mangled beneath the wheels of the locomotive, and their bodies carried over one hundred feet. The child, Elsie, was also badly mangled. Her chest was crushed, but she lived an hour and a half. Pieces of the victims' bodies were scattered along the track for a considerable distance. The horse was killed and dismembered.

Several persons who witnessed the accident say Mr. Keating waited until a north-bound train passed. He evidently did not see the south-bound express, and drove upon the track as it came thundering along. The remains were gathered up.

UNION TICKET IN THE FIELD.

THE LABOR PARTY IN OHIO NOMINATES A STATE TICKET.

LIMA, O., July 6.—The State Union Labor convention, which met here Thursday, was presided over by John Seitz, with E. A. Weier, of Cincinnati, as secretary. A platform was adopted similar to that of last year. Home rule for Cincinnati was demanded and thanks returned to Labor Statistician Fassett. The most important resolution passed was that changing the name of the Union Labor party to the National party.

The following ticket was nominated: For governor, J. H. Rhodes, of Sandusky county; for lieutenant governor, K. L. Rice, of Cuyahoga county; judge of Supreme court, Grandison N. Tuttle, of Lake county; auditor of state, Michael Krumm of Franklin county; secretary of state, D. D. Marvin, of Trumbull county; attorney general, William Baker, of Licking county; member of state board of public works, Oswald Deitz, of Cincinnati.

Chas. Jenkins, of Mahoning county, was recommended as the choice of the convention for United States senator.

A ratification meeting was held at night in the Public square with Deitz, Rice and Davis as speakers.

SIGNING THE SCALE.

SEVERAL MORE FIRMS WILL PAY AMALGAMATED ASSOCIATION PRICES.

PITTSBURG, Pa., July 6.—The signatures to the Amalgamated association wage scale yesterday were: Lindsay, McCutcheon & Company, Pittsburgh; United States Rolling Stock Company, Anniston, Ala., and the Scottsdale Pennsylvania Iron and Steel Works of J. Hammond & Sons.

Oliver Brothers and Phillips paid their men yesterday, but asked them to report for work in two weeks. The signatures of other prominent firms are expected within a few days.

EVERYTHING IS QUIET AND THE SITUATION IS UNCHANGED AT CARNEGIE'S HOMESTEAD MILL. THE WORKMEN ARE WATCHING ALL NEW ARRIVALS, AND ARE TAKING EVERY PRECAUTION TO PREVENT IMPORTATION OF NEW MEN TO TAKE THEIR PLACES.

THE FIGHTING ALLSTONS.

TWO DIE WITH THEIR BOOTS ON: ONE COMMITS SUICIDE, AND ANOTHER NOW IN JAIL.

ATLANTA, Ga., July 6.—The Allstons, sir, die with their boots on." That was the constant boast of the late Col. Bob Alston, famous throughout Georgia as an editor and politician. His grandfather and his father had died that way, and one day after he had made that boast he was shot to death.

Not long after this one of his sons committed suicide in Washington, D. C. Yesterday another son was jailed at Lithonia, Ga., with a charge of murder opposite his name. A young Scotchman named Wilson, was killed in a Fourth of July brawl there, and Alston is charged with the crime. The prominence of Alston and his family makes the case of particular interest.

Mysterious Murder.

CARROLLTON, N. Y., July 6.—On the morning of July 4 Nelson Nixon was found lying in the highway near the Erie station unconscious. He was badly cut and bruised, from the effects of which he died about 5 p. m., without regaining consciousness. He was last seen on the evening of July 3, about 10:30, in company with a party of intoxicated woodsmen.

FINE CATTLE LOST BY HYDROPHOBIA.

LATHROP, Mo., July 6.—Dr. W. Crawford, a wealthy farmer near here, has lost twenty head of fine cattle and a valuable horse in the last three months from hydrophobia. They were bitten last March by a mad dog. Other farmers have lost stock bitten by the same dog.

BREWERY BURNED.

NEWARK, N. J., July 6.—The three-story frame building, Nos. 155 to 161 Newton street, owned by Mrs. William Heinlein and occupied as a brewery, was burned early yesterday morning. Loss \$15,000; insurance \$3,000.

GROCERIES DAMAGED BY FIRE.

HALIFAX, N. S., July 6.—The stock of George E. Forsyth & Company, wholesale grocers, was damaged by fire to the extent of \$6,000 yesterday. The loss is covered by insurance in the Phoenix company, of Brooklyn.

A CHINAMAN MURDERED.

BUFFALO, N. Y., July 6.—Wung Jung, a Chinaman, who kept a laundry in the rear of No. 96 Swan street, was found dead in his shop this morning. A bullet had entered his left eye.

DAILY EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY
Proprietors.

SATURDAY, JULY 6, 1889.

THE Republican talks of "cornering the BULLETIN". Well, our neighbor has been trying to do something of that kind for years, but he has proved a miserable failure at the business.

DEMOCRATS should not forget that we have an election on the first Monday in August. A State Treasurer and a Senator and Representative are to be chosen, and the Constitutional convention settled. All are interested and all should turn out and vote.

MONDAY, August 5th, the people of Kentucky will vote on the question of calling a constitutional convention. Both parties have resolved in favor of the question, and the voters should settle it in the affirmative. It is a little singular that the only opposition to the move comes from Frankfort.

THE New York Press in its Fourth of July comments speaks of "the centennial of protection," and that it was "a good day to celebrate." The starving miners out in Indiana and Illinois and Carnegie & Co.'s employees who are striking against a reduction of wages didn't feel much like celebrating. They hadn't cause for jollification.

THE Republicans at their convention in Lexington Thursday instructed the State Central Committee "to open an active campaign at once." We are gratified to learn the campaign is to be an active one. Make it as hot as you please, gentlemen. We want something to stir up the stay-at-home Democrats and get them out on election day.

THE Dover News and the Maysville Republican should not worry themselves so much about the BULLETIN. They ought to have learned long ago that the BULLETIN generally minds its own affairs and has always proved able to take care of itself. Perhaps they would get along a little better if they would adopt a similar course. They are troubling themselves unnecessarily about the BULLETIN.

CHAUNCEY DEPEW is disgusted with the situation at Washington City. He is authority for the statement that there are four thousand applicants for one hundred and fifty consulates. And this condition of affairs, he thinks, is maintained or increased throughout all the departments. Who said the Republicans aren't a very hungry set of patriots? The horn-blowers of the last campaign want their reward, and want it bad.

NO SOONER was Mr. Colson nominated for State Treasurer than the Republicans commenced talking about their David, (that's Mr. Colson's name), and blowing about how he would slay the Democratic giant in this State on the first Monday in August. Well, Republicans like to blow and they do a good deal of it at all times, but this little David of theirs from the hills of Pineville is going to tackle a different sort of giant than David of old did.

THIS much-vaunted "protection" administration has recently let an English firm have the contract for half a million brick of a particular make to be used in the construction of the new National Library building at Washington City. What are we to think of an administration that is everlastingly harping about a "home market" and about encouraging "home industries" doing a thing of this kind? It shows what a hypocritical set Harrison and his followers are.

THIS is straight from the shoulder and hits hard. It is from the Springfield Republican, which says: "Following close upon Andrew Carnegie's swell banquet to the great men of England comes the news of the strike of his workmen at the Homestead steel plant in Pennsylvania against a sweeping reduction of wages. But for all that, Carnegie will come back from Europe full of grecsomes stories about the pauper labor of free-trade England, for use in the next campaign."

SAYS the Lexington Transcript, of July 3: "A very charming little entertainment took place at Woodland Park last evening the presiding divinities over which being Misses Marie Madelle Goodloe, Miss Lucy Wadsworth and her gracious guest, Miss Annie Whitaker, of Maysville, and the company bidden to enjoy a dainty supper and spend a merry evening consisting of Messrs. Bishop Clay, Geo. Graves, Leonard Cox and his guest, Mr. William Thompson, of Millersburg, Sam Poyntz, Clarence Bradley, Charles Powell, Peter Powell, Willis Davis, of Louisville, and Webb Higgins. The fair quartette of hostesses had secured for the occasion a special tent near the entrance of the Chautauqua grounds. This they had deftly beautified with rugs, lanterns, flowers, bric-a-brac and so on brilliantly illuminated. In this artistic nook was served as tempting a repast as lads and lassies ever gathered about. Substantial, ices, fruits, confections, were prodigally present and elegantly served, a professional caterer being employed for the occasion. The evening was pleasantly diversified by their own society and the many attractions that the Chautauqua had to offer. The young ladies were voted by the admiring swains to be as handsome and accomplished a quartette of chatelaines as one would be apt to meet on any summer day. Mrs. A. A. Wadsworth, Mrs. Harry Thompson, and Mrs. Nannie Goodpaster chaperoned the party."

Railway News.

C. P. Huntington, the railroad king, is building a \$2,000,000 residence in New York.

The low rates of river travel and freight have cut the railroad business to some extent, more in the freight than in the other.—Ripley Bee.

The item yesterday about the contemplated change of the depot has occasioned lots of talk. "What property is it the company is after?" was the question frequently heard.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach, and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

The returns from the special election in Second ward were read, showing the election of Mr. J. C. Pecor to fill the vacancy caused by death of Councilman Stockton. Mr. Pecor took the oath of office and was placed on same committee. Mr. Stockton was serving on.

The salaries of the fire departments were allowed.

An amendment to the ferry ordinance was read. It requires the boat to be started at 5:30 o'clock every morning. The last trip from Maysville side shall be made at 7 o'clock in the evening. The old ordinance required the boat to run from daylight till dark. The rules were suspended and amendment adopted.

Contract for some improvements at alms house were awarded to Bierbower & Co.

Mrs. Kate Cook was granted permit to erect a one-story frame cottage on south side of Fleming pike.

A petition of Dodson & Frazee, Gable Bros., N. J. Power & Co. and Wm. Davis, coal-dealers, that city apply the wharfage paid by them to improve the lower grade and make it passable, or to "rebate" the wharfage altogether, was referred to Wharf Committee.

On motion of Mr. Shannon, the license of L. Hill & Co. for storage of oil was revoked.

An additional sum of \$100 was appro-

priated to aid in constructing the sewer now being laid along Bridge street.

The Marshal was directed to notify the railroad authorities to open the sewers closed by the fill along Front street.

Several complaints as to nuisances were referred to Board of Health.

Mr. Fleming brought up the question of building a new foot-bridge over "Goose Creek." President Cox stated there was a prospect of a street being opened across that way at an early day, and the matter was continued.

Various other matters of minor importance were disposed of, after which council adjourned.

THE DEPOT QUESTION.

Some More Talk About Its Removal. Guessing as to Its New Location.

The item in yesterday's issue about the contemplated removal of the passenger depot has caused considerable talk, and it is the opinion of many that the removal will be made, if the company can secure the property it is after.

Mr. H. Pierce, the company's Superintendent of Maintenance of Way, was in town yesterday on official business, and it is thought the contemplated removal brought him here.

One report is that the company is trying to secure some of Mr. Geo. T. Wood's property near the junction of the two roads in the Fifth ward, and will cut the "point" down and erect the depot at that place. A new street, the report goes, is to be opened from Second street across "Goose Creek," if the depot is placed at that point.

Another report is that the company is after the property on Front, extending east from Sutton to the vacant lot used for a coal yard, and will place the depot at that point if the ground can be bought. Still another report is that the elevator property is the location the company is trying to get possession of.

None of these reports could be verified, but we give them for what they are worth.

ABOUT 20 per cent. of the Democratic storekeepers and gaugers in this district have been "relieved" from duty by Collector Goodloe.

COLLECTOR GOODLOE has "dropped" Jos. Brock and Thompson Ware, of Paris, from the revenue service. The indications are that the Maysville crowd of Democratic Storekeepers will have to hand over the keys soon.

UNITED STATES STOREKEEPER John C. Everett has forwarded his resignation to Collector Goodloe, to take effect at once. He realized that active Democrats like himself had to go before long, anyhow, and he wanted to get in at the head of the procession.

MR. AND MRS. BEN SCHAFFER, Miss Annie Paul, Misses Edith and Jennie Weeks, Miss Cora Robinson, Mr. Charles Bartoff, Jr., Charles Schaeffer and Mr. Will Schrage composed a party from Cincinnati who spent the Fourth of July with friends in this city.

Do not allow yourself to be imposed upon by so-called opticians. If you need spectacles go to Hopper & Murphy, the reliable opticians and jewelers, and get a pair of Dr. King's specs which they guarantee to strengthen and preserve the eyes. Their prices are not exorbitant. From \$1.00 to \$2.00 will buy a pair of the best specs made, with privilege of exchanging six months after purchase without extra charge.

THE Red Corner Clothing House is not making any great fuss, but from the number of bundles they are turning out daily they must be doing an immense business. This popular house, by hard work and never-tiring energy, have placed themselves second to none in the State and make it a point to sell clothing cheaper than anyone else. They commenced their mark-down sale to-day and will push business until their entire stock of summer clothing is gone.

Weekly Trade Review

What Dun & Company Has to Say this Week.

THE PROSPECTS IMPROVING.

Holiday Week Was Not Attended With the Usual Dullness—An Early Fall Trade Expected—Large Transaction During the Month of June—Failures of the Week.

NEW YORK, July 6.—R. G. Dun's weekly review of trade says: Though there has been the dullness usual in a holiday week, business has been fairly maintained in volume, and is gradually improving in prospects. Fall trade is expected to commence earlier than usual, and the local indications in all parts of the country lead dealers to anticipate an active season.

June has been a month of exceptionally large transactions, and while speculation has so swelled bank exchanges at New York that they exceeded last year's by 38 per cent., and at Boston, Philadelphia and Chicago so that they showed a gain of 15.7 per cent., the increase at all other clearing houses also averaged 14.5 per cent. Prices of commodities, in spite of the rise in some speculative markets, have on the whole fallen during the month about 2 per cent. and are now hardly 1½ per cent. above the lowest average ever recorded. But there are signs of substantial improvement in the most important branches of industry, which impress observers with confidence in the future. The monetary situation, though threatened by large exports of specie, remains as yet undisturbed.

Nevertheless the stock market, by many considered an indicator of the future, has been sinking. The average of prices has now declined \$3.21 per share since June 12 and while the fear of monetary pressure hereafter has been a factor of some importance, it is clear that the wars of western, and to some extent of eastern railroads, have disheartened many investors and caused much selling. It is felt, too, that the rise stimulated by sudden advances in trust stocks was not of substantial character. But there has been much confidence that the enormous half yearly disbursements by government and corporations would cause a new demand and advance in the better securities, and while the movement thus far in July has not answered expectations, holders are still hopeful.

Reports from interior points are generally favorable, but as to the volume of business for the season, and as to the prevailing estimate of prospects. Collections are nowhere seriously disturbing, and the money markets are everywhere fully supplied, though with light present demand at most cities. The half yearly returns of failures shows a relatively larger increase in New England than in any other section, about 28 per cent., and next in the Trans-Mississippi region this side the Rocky mountains, about 20 per cent. In the middle states the increase has been but 4½ per cent., thence to the Mississippi about 5 per cent., and at the south about 3½ per cent. Against a general increase of 8 per cent. in numbers there is a decrease of ½ per cent. in aggregate liabilities. Losses incident to speculation have been heavy, but as to number of failures, probably the disappointing trade of the last open winter was the most important cause.

The markets have not changed greatly during this broken week. Wheat is about three-quarters of a cent higher, owing to accounts of injury from prolonged drought and heat in Dakota and Minnesota, where heavy rains have just improved the outlook considerably.

Other crop prospects continue favorable, but in some quarters, too, much rain has injured corn, and the price is half a cent higher. Pork products are weaker, and dairy products are coming forward in immense quantity, so that prices are depressed. Leather does not change, but the revised quotations of wool for the 1st of July show an average advance of about one cent per pound, and it is becoming a serious question whether the hopes of improvement in the manufacture may not be defeated by an advance in the material which may keep many of the mills idle. At present many are working short time, and the buying seems only sufficient to meet immediate needs.

The price of cotton has advanced 8-16, in part because of scanty supply of desirable grades, and the later returns induce general modification of estimates as to last year's crop. The iron market remains strong in tone, but no further advance in prices has been realized. Southern iron is still offered in large quantity at \$16.50 for No. 1, and the demand for manufactured iron is active. Sales of about 10,000 tons steel rails appear to have been on a basis of \$8 at eastern mills.

The monetary prospect is clouded by the exports of \$17,507,640 gold and \$1,135,464 silver from New York alone since June 1. In consequence, the circulation of all kinds has been reduced \$17,000,000 in June, and though the aggregate is even now \$8,000,000 larger than a year ago, it is felt that a continuous outgo in July would be apt to cause pressure in September. The New York banks reported last week a surplus of only \$7,500,000, and the actual surplus probably was not over \$6,000,000, which is not a large preparation for an active fall demand.

The volume of foreign trade has been large, with exports for five weeks exceeding last year's by 17 per cent. at New York, while the imports show an increase of 4 per cent., but the excess of imports last year was very heavy. Unless grain exports are hastened by the cut in eastbound rail rates, or foreign holders cease to realize on securities, the outgo of gold may continue. Thus far the treasury disbursements for the week have exceeded receipts by only \$300,000, but will be much larger for the week to come.

The business failures occurring throughout the country during the last seven days number for the United States 185, and for Canada 17, or a total of 202.

as compared with a total of 215 last week, and 220 the week previous to the last. For the corresponding week of last year the figures were 214, made up of 192 in the United States, and twenty-two in the dominion of Canada.

TEN BLOCKS BURNED.

Business Portion of Ellensburg, Washington Territory, Wiped Out.

ELLENBURG, W. T., July 6.—Ten blocks of the best portion of this city are in ashes. Nearly one hundred families are homeless, and what was yesterday a thriving and imposing business center is now a mass of ashes and burning cinders. Owing to the excitement and confusion that prevailed it is impossible to ascertain how the fire originated, but it is presumed that it was the result of the celebration of the National holiday, as it was started soon after the inauguration of the display of fireworks Thursday evening.

The flames started on the north side of the city about 10 o'clock in the evening, and with a very strong wind blowing from the northeast. The fire department, which was promptly called out, could do nothing to check the rapid advance of the conflagration, which within an hour spread to the business center. Help was telegraphed from the neighboring towns, but long before it could reach the scene the flames had wiped out the heart of the city, and had commenced to spread among the residences of the south side. It was not until the main portion of the food for the fire had been consumed that there were any signs of abatement and it was nearly morning before the firemen secured any result from their tireless efforts.

The cessation of the winds had a tendency to aid the firemen in checking the progress of the fire, and at this hour it is thought that the flames are under control, or that they will be confined to the buildings now burning. While it is impossible to form a close idea of the amount of loss, it is estimated that the sum will run up to many hundreds of thousands of dollars. All of the business hotels, the handsome Nash opera house block, the city hall, the board of trade building, Snipe & Co.'s bank, in fact all the business blocks on Pine and Pearl and Third, Fourth and Fifth streets are consumed, excepting only the First National Bank Building, Bloomer & O'Connor's dry goods house, H. Gotstein's boot and shoe store, one saloon and one general store.

Only these latter concerns remain standing to mark the spot where flourished a beautiful and prosperous business center. The number of residences destroyed cannot now be estimated, but it is known that over one hundred families are homeless, penniless and with nothing left save the few scant clothes with which they escaped in flying from the advancing flames. Help has been asked and is badly needed, not only in suppressing the fire, but in caring for the homeless victims of the conflagration.

The district burned embraced Main street, from Fifth to First; Fourth street, from Main to Pine; Third, from Water to Sprague; Pearl, from Fifth to Second, covering an area of ten blocks in the business heart of the city. The only brick buildings left are Lynch's block and the Ellensburg National Bank. Two hundred houses were totally destroyed. The loss as now estimated is about \$2,000,000, three-quarters of a million in buildings and a million and a quarter in goods.

Among the principal buildings destroyed are the Stone bank, Snipes & Company, the Ashler hotel, the Oriental hotel, the Masonic temple, the Odd Fellows' hall, the Geddes block, the Fish block, the postoffice. The Localizer printing office, the Dexter stable and others. The only stores left are four.

There is not a restaurant hotel or boarding house left, and there are about 150 people destitute. Mayor Abrams has called a meeting of citizens to take action for relief.

While the loss is terrible the citizens maintain a cheerful disposition and are determined to build more substantially than ever.

Sherman's Son a Priest.

PHILADELPHIA, Pa., July 6.—Thomas Ewing Sherman, the oldest son of Gen. W. T. Sherman, was raised to the order of sub-deacon yesterday by Archbishop Ryan. To-day he will have the order of deacon conferred upon him, and on Sunday, that of priest. This is the culmination of eleven years' hard work and study in the Society of Jesus. The ceremony was performed in the archbishop's private chapel, and to it was admitted only some members of the young man's family and some of the clergy.

Sheriff and His Deputy Shot.

KIRKVILLE, Mo., July 6.—During the celebration here Thursday the Miles brothers, Bill and Jim, shot and killed O. E. Bronson, the sheriff of Taney county, and Ed. Frink, his deputy. The Miles boys are under indictment for the murder of the Bald Knobber chief, Capt. Nat. Kinney, at Forsyth, last August. The brothers were heavily armed and upon being ordered to disarm them drew their weapons and opened fire, killing the two officers.

A Fight With Tramps.

READING, Pa., July 6.—In a fight with several tramps, stealing a ride, at Monocacy station; yesterday evening, Joseph R. Kaucher and George Wartman, of this city, both special officers in the employ of the Reading Railroad company, were badly hurt. Kaucher was shot in the head and Wartman in the leg. They were attacked by two burly tramps, who escaped. Kaucher is in a critical condition, and Wartman may lose his leg.

Explosion in a Powder Mill.

WILMINGTON, Del., July 6.—Two rolling mills in the Dupont Powder Works, about three miles from the city exploded at 10:15 last night with terrific force. No one was hurt. The mills were demolished and all the glass broken in houses in the neighborhood.

Death of a Prominent Divine.

BETHLEHEM, Pa., July 6.—Rev. Dr. Kloes, who was prominent in Christ Reformed church, died here yesterday, aged 60 years. He was one of the most prominent divines of the Reformed church in America.
